Customer Name:	U.S. Micro-Solutions, Inc.	Sample Date:	January 2, 2019
Customer Address:	302 Unity Plaza Latrobe, PA 15650	Date Received:	January 3, 2019
		Date of Report:	January 9, 2019
Customer Phone:	(724) 853-4047	Fax:	(724) 853-4049
PO Number:		Attention:	
Project Name/Number:	Sample Report		

Customer sample numbers below are uniquely identified by prefixing Laboratory # 12345-19

**Culturable Liquid Sample(s) (Staphylococcus) - Analytical Method USMS-B002 & USMS-T083**

Sample Number	Media	Sample Description	Results of Microbial Analysis	Raw CTs
<b>P*</b>	MSA	Pool	Total Bacterial Count < 1 CFU/100mL No growth of Staphylococcus spp.	
<p><b>*No growth of Staphylococcus aureus</b></p> <p>Total Raw Count: &lt;1</p> <p>Analytical Sensitivity: 1 CFU/100mL</p>				
<b>WP*</b>	MSA	Whirlpool	Total Bacterial Count 1 CFU/100mL <b>Staphylococcus aureus</b>	1
<p>Total Raw Count: 1</p> <p>Analytical Sensitivity: 1 CFU/100mL</p>				

# Sample Report

Results relate only to the samples tested. Results are reported as calculated. For biological data, the first and/or second digit should be considered significant.

When providing duplicates of this report, the document should be provided in total and not in section in accordance with AIHA-LAP, LLC. Any unauthorized or improper disclosure, copying, distribution, use, or falsification of these results is prohibited. USMS shall have no liability to the Customer or the Customer's customer for opinions stated, recommendations made, actions taken, or conduct implemented based on the test results reported.
