

Press Release

I am pleased to announce that U.S. Micro-Solutions, Inc. has been acquired by Kelly Faulisi. Kelly has been a valued member of our team since 2016, during which time she has held a variety of roles and excelled in every one of them. She is an accomplished professional who is deeply committed to continuing the quality, service, and culture that define USMS.

It has been my privilege to build upon the foundation laid by my father, Herb Layman, who founded this business in 1996. He did the heavy lifting of launching and sustaining the company, even through challenging times. I am grateful to him for the opportunity to lead USMS to new heights—growth that will continue under Kelly's capable leadership.

To our customers, thank you for placing your trust in us as your environmental microbiology laboratory. We remain committed to providing the exceptional service and attention to detail you have come to expect.

As I begin this next chapter, I look forward to spending time with our new granddaughter and traveling with my husband.

I wish you all the very best.

God bless,

Deanna Kiska

Deanna Kiska

I am honored to announce that I have acquired U.S. Micro-Solutions, Inc., a company that has been my professional home since 2016. Over the years, I've had the privilege of working in nearly every role, from data entry and sample receiving to analysis and quality control. These experiences have given me a deep understanding of our operations and, most importantly, the needs of our clients.

I am grateful for Deanna's mentorship and leadership, which shaped the culture that makes USMS so special. Preserving and strengthening that culture is my top priority as we move forward. Client satisfaction, uncompromising quality, and accuracy will continue to define our work.

I'm also proud to continue U.S. Micro-Solutions as a small, privately held, woman-owned business—a rarity in today's landscape. Our personalized service is unmatched, and I'm excited to build on our legacy while driving innovation in the environmental testing industry.

None of this would be possible without our incredible team—the backbone of our success. Their expertise and dedication ensure we deliver the highest standards every day. Thank you to our clients and partners for your trust and support. Here's to an exciting new chapter together!

With gratitude,

Kelly Faulisi

Kelly Faulisi, Owner & President
